Hi Linda,

I left a phone message with the buyer and also followed up with an email to both him, and the managing director – will let you know as soon as I have a response.

Thanks,
Lacey

Subject: 12608

Lacey,
We have a backlog on the machines to make saddles, due to some engineering parts we need to make. I am proposing the following

All parts for the skidtubes are powder coated – black sandtex, but we have some saddles (PHI) in stock, which are spray painted mat black. This, however, would not match the rest of the powder coated parts in the skidtube kit (tow rings, GHW lugs etc). keep in mind that the crosstubes are all spray painted mat black, so they will match the saddles.

If you look at the attached pic, you will see very little difference from the saddles to a black sandtex part.

I need to know if this would be acceptable to the customer, otherwise, I will need to push this order out by another 10 days – MARCH 26th

Pls let me know asap
